Be it decided by the Assembly of Elected Delegates,

GPSA Plastic Reduction Spending Bill
Funding Reusable Water Bottles
(Decided: [ Y / N / A ])

Nature of the Situation:
The Graduate and Professional Student Association frequently holds and participates in many events on and off campus each year. For these events, GPSA often purchases cases of plastic water bottles. This may be a good option for some events such as hikes or other outdoor activities in which easy access to water is imperative. However, for many events, plastic water bottles create an unnecessary waste and reusable water bottles would serve as an alternative ecologically-responsible choice.

Recommended Course of Action:
The Graduate and Professional Student Association authorizes the purchase the following items to be distributed at every event GPSA holds and participates in during the Fall 2018 and Spring 2019 semesters:
1000 custom brushed aluminum reusable water bottles (24oz) from a union-made source in the USA with GPSA logo at a cost of $4020 from the following vendor: https://www.imprintitems.com/product/24-oz-usa-aluminum-bottle

Total: $4020.00

Respectfully submitted,

Ash Gillis
Delegate, At-Large Delegate

Mandy Burton
Delegate, College of Agricultural Sciences

Sidharth Agrawal
Delegate, College of Earth and Mineral Sciences
